„The DT Group serves a developer and distribution partner for decorative elements and mechanical components for automotive and industrial customers. Our focus in everyday business is on customer satisfaction, quality and delivery reliability. We promote our suppliers through sustainable partnerships, which we develop continuously.“

OUR MISSION

- As a family-owned company, the DT Group is highly flexible and customer focused.
- The DT Group continuously develops its business relationships through intelligent advising, new solutions, and delivery reliability. It ensures consistent, outstanding product quality for its customers.
- The DT Group is consistently making purchases and developing its long-term supplier relationships.

OUR BASIC BELIEFS

- Our family-run business preserves traditional values; we focus on people.
- Decor-Technik Group cultivates direct, personal customer relationships and short decision-making processes. We inspire our customers with solution-oriented services and respond flexibly and quickly to customer needs.
- We maintain long-term and personal supplier relationships. Decor-Technik Group develops these constantly to establish sustainable business relationships and ensure reliable delivery and quality for its customers.
- We guarantee the best possible price/performance ratio for our customers and suppliers.
- Decor Technik Group works in an environmentally friendly manner and conserves resources: We reuse 90% of the packaging we receive.
- We take on social responsibility and contribute time and money to regional projects.
